DAV PUBLIC SCHOOL SEC-14 GURUGRAM CELEBRATES SWACHTA PAKHWADA

“We can no more gain God’s blessing with an unclean body than with an unclean mind. A clean body cannot reside in an unclean city.”

– Mahatma Gandhi

We at D.A.V. Public School, celebrated Swachhta Pakhwada from 1-15 September 2018.

On the very first day of Pakhwada, all students, teachers and staff took the Swachhta Shapath.

Various teams of students and teachers inspected the sanitary facilities in each and every corner of the school. Students were motivated to participate in community cleanliness drive. Many students have cleaned their neighbourhood and pledge to continue it consistently.

Various competitions were organised to create awareness through drawing competition, poems and essay competitions.

Students specially toddlers and juniors were taught personal hygiene practices by celebrating hand wash day and showing awareness videos. They were encouraged to imbibe the value of personal hygiene.

The school has always taken the initiative to sensitize its students towards a clean and green country by providing best hygiene condition in premises. We have dual bin system with color code of green and blue in each class room and a garbage collection point. The school has installed rain water harvesting system which ensures that each drop of rain water is conserved and not wasted.

Around 3500 students took the pledge to keep their surrounding clean. A message of cleanliness has been given by the Principal through digital media (school website, facebook, UOLO app and Edmodo) to the parents, staff and students.

Our school also celebrated the 'Paudhagiri Campaign' in the premises. Mr Deepak Nanda; the Division Forest Officer and Mr Karamvir Malik; the Range Forest Officer were the Chief guests of the program. They presented saplings to the students which they planted in the Plantation area as a part of the tree Plantation Drive. Mr Deepak Nanda addressed the gathering and shared his words of wisdom about the campaign. Our ma'am Principal- Ms Aparna Erry shared how our institute has been working diligently for the cause and our school compound is one the greenest compounds of the city.

Paudhagiri is indeed a wonderful program designed to stabilize the green cover in the city.
