“Why fit in when you were born to standout be it with an ability or a different ability.

The Special Wing of DAV Public School, Gurugram at Sector 10 A observed April 2, 2019 as Autism Awareness Day to raise awareness about autism, a developmental disorder which impairs the ability to communicate and interact. Children were sensitized about the way autistic children see the world differently through the poem “Heaven’s Special Child” and a thought provoking speech in the assembly. This was followed by a march past of autistic children in the school campus with several posters in their hand showcasing that they are different but not less. Various fun-filled activities like ‘Trampoline, Ball Pool and Ice-breaking games were held. The students participated in all the activities with a lot of enthusiasm. The staff was dressed up in white and blue in recognition of Autism.
Autism is not a tragedy, Ignorance is...
