

Autism Day Celebration

*"Why fit in when you were born to stand out"
Be it with an ability or a different ability*

DAV Special Wing celebrated Autism Day on 20 April 2018. An "Autism March" was taken out in and around the school campus. Kids held banners and brochures to spread awareness about autism.

A range of occupational activities were depicted to cater to the sensory needs of the autistic children. Children of the Special Wing participated with zeal and enthusiasm in all the activities.
