

BROWN DONUT DAY

Brown colour signifies the beauty and the importance of our Earth. The Mother Land. Brown Donut Day was celebrated by our tiny-tots on 30 October 2019. It was a very enjoyable day. All the children came dressed up in different shades of brown, holding the brown coloured objects-toys, picture cutouts, real objects etc. for object talk. They spoke 2-3 lines on the objects brought by them. They did paper crumpling, printing in the donuts and happily took them home.
