

## Show and Tell Activity for Grades I and II

*“Show and Tell Activity: A chance for children to think ‘out of the box’ and invite their teachers and classmates to come into their own little world for a minute or two.”*

*Aptly said, the exciting and nerve racking experience unleashed via the ‘Show and Tell’ endeavour is an important part of children’s learning development. It’s also a great way to encourage children’s interest in a particular topic as it helps them to organize information and build their confidence. With the aim of providing a platform to the budding blooms of grades I and II to master the public speaking skill- a skill a child will use throughout his life, an online ‘Show and Tell’ activity was organized on 4 July 2020. The tiny tots with pride spoke on different topics like ‘My Favourite Toy’, ‘My Favourite Cartoon Character’, ‘Indoor Sports’, ‘Medicinal Plants’ etc. They passionately showcased and described the real/dummy objects with confidence, facial expressions and voice modulation. Overall, the show was a spectacular learning experience for the kids!*
