

Inter School Competition Fest-A Fiesta

Happiness comes from creative efforts. The joy of dreaming, creating and expressing one's thoughts by creating an art model is unparalleled. Every child is an artist and to explore the creative potentials of the young minds, the Blue Bells Preparatory School organized "Fiesta Fervour Competition" on 30 November 2019.

The participants created a wonderful 3D model depicting a scene of Onam festival using eco-friendly materials.

Our budding congregator Yashasvi .S. Deswal of LKG-B participated in the event where she reflected her talent and earned the Third Prize. Her endeavour brought yet another laurel to the school.
