

## DAV PUBLIC SCHOOL, SECTOR-14, GURUGRAM

### Another Feather in the Cap - Agro Bot

EWB, North Cap University organised a competition, Sell O Mania, wherein the participants had to think about a social problem and create an idea/a product and advertise the same.

A number of students from colleges and universities participated in the competition. Our students, Abhyuday Gandhi and Sachit Bansal (IX E) left everyone flabbergasted by winning the first prize. They made an Agro-Bot which can accomplish all the activities related to agriculture.

With their novel idea they indeed have brought rich laurels to the school.
