

# Hindi Rhyme Recitation

Rhymes are not only a source of fun for the children but also a great way to develop their vocabulary and expression. Children of UKG and LKG participated in Hindi Rhyme Recitation Activity which was held on 26 July and 27 July 2018 respectively. The young orators gave commendable performance and covered various message-oriented topics like value of time, conservation of resources, importance of education etc. Overall, it was an impressive show.
