

## Inter School Model Making Competition

To make the students cognizant of naturalistic intelligence, an Inter School Competition for Grade UKG was organized on 1 December 2018 by Blue Bells Preparatory School, Sector 4, Gurugram. Our students, **Channak Chhoker** and **Aaradhya Malik** brought accolades to the school by fetching **Second prize** in the 'Bloom Buddy' Event. The participants created a beautiful miniature of 'Organic Garden' using real plants and other decorative material. It was indeed a knowledge-enriching competition that kept the participants engaged enthusiastically and left the judges in awe with their prize winning performance.
