

KINDERGARTEN ENGLISH POEM RECITATION

'Poetry is the eternal graffiti written in the hearts of everyone'

Poems are not only a source of enjoyment but also a platform to help the children understand the beauty of expression, thoughts and feelings along with rhythm of words. Keeping this in mind, an online “English Poem Recitation Activity” was organized for the students of grade LKG and UKG on 15 January 2021. The young poets used this opportunity to exhibit their talent and gave exemplary performances by choosing a variety of message-oriented topics like Corona, Childhood under Lockdown, Our Earth and many others. This activity helped the little ones to gain self-confidence and improve their oratory skills.
