

## Kindergarten Hindi Poem Recitation Activity

Poetry is the spontaneous overflow of powerful feelings. It is not only a source of fun for the children but also a wonderful way to develop their vocabulary and expression. Keeping this in mind, Hindi Poem Recitation Activity was organised for the students of Grades- LKG and UKG on 24 and 25 July 2019. The young orators gave exemplary performances while covering message-oriented topics like conservation of water, beauty of nature, value of time and many others. Overall, it was an impressive show.
