Sports Day is a powerful tool that enhances physical and cognitive development of children. It contributes in building confidence, team-spirit and leadership qualities in them. They learn to overcome obstacles and challenges in a very delightful and gleeful manner. The sports day for Kindergarten was held on 27 February 2019. The U.K.G. children participated in Hurdle Race, Flat Race, Pick the Disc Race and Pair Race. L.K.G children participated in Hurdle Race, Pass the Ring Race and Flat Race. The zeal and energy of little ones was commendable.
