

My Favourite Spot in my Home for Grade IV

“Home is not just a place, it’s a hub of lovely feelings, quintessential of hope and warmth of love.”

To celebrate this feeling of being at home, an Intraclass Competition was organised for the students of Grade IV on 11 August 2020 on a virtual platform. The topic was ‘MY FAVOURITE SPOT’ AT HOME. The students put up a grand show and impressed everyone with their gift of gab, confidence and clarity. They assimilated their dictum with appropriate virtues and relevant content.

Indeed they proved that their favourite spots at home are a source of inner peace, tranquillity, happiness, rejuvenation, a place to learn and excel and what not!
