

Painting Competition for Class V

A Painting Competition was organised by the Petroleum Conservation Research Association (PCRA) under the scheme Saksham National Competition 2018 for the students of Grade V on 1 September 2018. The theme for the competition was Save Fuel for Better Environment. The budding artists depicted their concerns on the burning issues through their imagination and aesthetic conceptions. This activity triggered their imagination and enhanced their artistic skills.

The winners of the competition are:
