*“I dream my painting and paint my dream.”*

*~ Vincent William Van Gogh*

Creativity and art are synonyms as they both suggest imagination and portraying thoughts onto a canvas. Colouring is the most important educational tool for children. It helps in expression and assertiveness of thoughts, building motor skills and hand-eye coordination. To nurture the creativity of students, an online inter house poster making activity was conducted for grade VII and VIII at D.A.V. Public School, Sector 14, Gurugram.
