Purple Colour has been associated with royalty, power and wealth. To make our toddlers aware about Purple colour, the ‘Purple Flower Day’ was celebrated on 30 September 2019. Every child was in a purple- coloured dress. They brought purple-coloured objects like- toys, dolls, cars and flowers and spoke a few lines on them. They did flower printing with purple colour and enjoyed the activity. The purpose of celebration with education was fulfilled. It was a fun and frolic day for the little ones.
