Our Pre-Nursery tiny tots celebrated ‘Green Leaf Day’ with great zeal and enthusiasm on 2 August 2019. Green is the colour of life, renewal of nature and energy. It is associated with meaning of growth, harmony, freshness and environment. Bubbling with enthusiasm in their astonishing green attires, the little ones created a pleasant, harmonious and refreshing aura. They did spray painting in leaf and also made leaf garland which was taken by them to their home. It was indeed an invigorating, reviving and rejuvenating experience.
