Dear Principal Aparna

My heartiest congratulations for the outstanding CBSE result 2020. This is a testimony to the tireless efforts and dedicated commitment of the staff and the students. With 180 students out of 320, in class XII and 140 students out of 311, in class X scoring above 90%, the result is stupendous! I convey my heartfelt greetings to the young scholars, their parents and the staff for this brilliant achievement. We felicitate the meritorious students of class XII who have done extremely well, especially those scoring 90% and above, as we have been doing every year.

It is commendable that the school has fulfilled its responsibility in creating wholesome, well rounded personalities, with a great value system and a sound social and emotional quotient. Even in these challenging times of the Covid pandemic, the school, staff and students have risen to the occasion and have proved the adage: ‘When the going gets tough, the tough get going’. These are extraordinary times and may last till the end of this academic session. However, this unforeseen lockdown has provided an unprecedented healing opportunity. Nature has revived, atmosphere has become cleaner and pollution levels have reduced. My advice to parents and children is to keep themselves safe by adhering to the government norms. Wearing masks, frequent handwashing, social distancing should become the order of the day. This is an excellent time for bonding with the family and I’m sure that parents are making the most of this opportunity and sharing their world view with them. As we send off the youngsters to the next leg of their journey, we reiterate that they stay righteous in thought, word and action. I wish all my dear children a very bright future!

Vice Chairman’s Message

Dear Principal Aparna

Your school is counted amongst the illustrious schools of the country and the credit goes to your leadership and the dedicated perseverance of your staff and students, for maintaining the parameters of excellence. They deserve special thanks. I have always held that the school has the most important role to play in imparting not only knowledge, but also, values and social skills. Our focus is on moulding the students into good human beings as disseminated in the teachings of Swami Dayanand. We cannot emphasize enough the significance of experience and experiential learning in developing a child’s personality. In the present scenario, like everything else, education is also ‘global’. Education tools and pedagogy defy geographical boundaries and have a universal appeal. I’m happy to note that your school has kept abreast with the latest technology in imparting online education.

Mr. Prabodh Mahajan
Chairman of DAV Public Schools, Gurugram and Vice President, DAVCMC

Vice Chairman of DAV Public School, Gurugram
and Vice President, DAVCMC

What a joy I feel as I congratulate you on the grand success of your CBSE result. DAV, Sect-
Manager’s Message

Congratulations to students, teachers, Principal and Management for the excellent class XII CBSE Board result 2020.

We are living in an extraordinary pandemic situation where the entire world is struggling. In such a scenario, our student community is the worst hit with CBSE cancelling many examinations. Uncertainty about these examinations lingered for a while keeping students, teachers and parents on tenterhooks. After much deliberation, results were declared.

I am happy to see that students of DAV Public School, Sector 14, Gurugram have achieved outstanding results making their school proud of them. The school, under the efficient guidance of the Principal and her team has an impressive QPI of 89.01 and is ranked amongst the best schools of India.

Times are difficult and students are still facing uncertain future as admission to colleges is being delayed. During this time of COVID 19, they have to maintain high mental grit and focus. They can continue preparing for their higher education independently and learn and practice many useful things like improving communication skills and strengthening concepts. Instead of worrying about the present, they can plan for the future. They have to remember that every problem might not have a solution right now, but every solution was once a problem. To achieve all these they can meditate, practice yoga and include physical exercise in their daily routine. DAV Public School, Sector 14, Gurugram has given its students the values of DAV culture which I am sure will help them to remain positive.

The alumni of the School are the torchbearers of the school, blazing a trail for the juniors to follow. Even though they have chosen different paths, they glow brightly all over the world with their achievements. Students of the batch 2020-21 will also achieve greatness as they take the righteous path to success and bring laurels to their alma mater.

I once again congratulate the Management, Principal, teachers, students and parents. My blessings and best wishes to all students for achieving their goals and success in all their future endeavours. May your path be filled with joy and may your goals shine bright.

"Our entire life is made up of choices. What we decide, The action we take, The attitude we display, All represent the steps of life. Make the right choices and Keep on stepping forward in this journey called life."

Good luck and best wishes!

Principal’s Message

A RIVER CUTS THROUGH A ROCK
NOT BECAUSE OF ITS POWER
BUT BECAUSE OF ITS PERSISTENCE!

Perseverance and persistence are prerequisites to excellence. My dear teachers and students, the magnificent result 2020, is definitely an outcome of your diligence, dedication, and perseverance. As Helen Keller said, “We can do whatever we want to, as long as we stick to it long enough.”

You have all proved, yet again, the value of continuous hard work. This hard work is not a consequence of individual effort. It is a collaborative effort of parents, students and teachers. Parents are the sturdy pillars who hold you and help you tide over tough times. Sometimes all you need is a strong shoulder. Teachers are your constant guides and mentors, always beside you, gently supporting you, nudging you ahead, step by step. My dear children, we are just tools to aid your progress. The action lies in your hands. It is your decision to strive. It is your inclination to perform. It is your effort to accomplish! Nothing can take success away from you, as long as you execute with tenacity, determination and preparedness.

We are what we repeatedly do. Excellence, therefore, is not an act but a habit. (Aristotle)

Even in these times of the pandemic, it is your resolve and resilience that will tide you over, along with the constant support of your loved ones. Self restraint, discipline and awareness are your best friends in the post pandemic times to keep you safe and healthy.

I always assert my confidence in the ability of my students to discriminate between right and wrong. The ethos that you have imbibed in school will go a long way in making you righteous in thought, word and deed. As you embark upon a new path of your lives, you will continue to uphold the values that have become an integral part of you. As you blaze a trail for your successors, I wish that you scale greater heights of glory and bring laurels to yourselves and your families. We take pride in your achievements and look forward to more success stories.

Ms. Aparna Erry
